About Us

Since 2009 Shenaro Lifestyle's Wheatty Bags has led the way in natural pain relief, pioneering wheat bag therapy in India and beyond with unwavering quality and innovation.

Wheatty Bags can be a valuable, drug-free option for women seeking comfort during these transitional phases in life.

Comfortable Pregnancy

Wheatty Bags are designed to provide soothing relief from back pain and muscle tension during pregnancy, helping ease discomfort from the added weight and pressure on the lower back. The gentle warmth promote relaxation and improve circulation.

They are intended for general comfort during pregnancy and can be used post-pregnancy, particularly for localized comfort, but they are not intended to diagnose, treat, or prevent any medical conditions or claims. Always consult a healthcare professional for medical advice.

Menstruation Relief

Wheatty Bags provide effective pain relief for menstrual cramps by offering targeted heat therapy that helps reduce inflammation in the abdominal area. The warmth from the bag increases blood flow, easing muscle tension and reducing the discomfort caused by cramps. This soothing heat helps alleviate the pain naturally without the need for medication, making it a convenient solution during menstruation.
